**SUBJECT INDEX**

- |   |   |
|---|---|
| Amine oxidase   | Divalent europium   |
| Oxidations by copper metalloenzymes and some biomimetic approaches 125                            | The luminescent properties of divalent europium complexes of crown ethers and cryptands 1                             |
| Amide   | Electron transfer   |
| Structural aspects of metal–amide complexes 203   | Molecular switches of fluorescence operating through metal centred redox couples 31                                   |
| Angular overlap   | Electron transfer reactions   |
| Survey of ligand field parameters of strong field $d^5$ complexes obtained from the $g$ matrix 75 | Electron transfer reactions of nickel(III) and nickel(IV) complexes 47  |
| Coordination compound   | Energy transfer   |
| Structural aspects of metal–amide complexes 203   | Molecular switches of fluorescence operating through metal centred redox couples 31                                   |
| Copper enzymes  | Extraction  |
| Oxidations by copper metalloenzymes and some biomimetic approaches 125                            | Solution extraction of transition and post-transition heavy and precious metals by chelate and macrocyclic ligands 93 |
| Crown ether complex   |   |
| The luminescent properties of divalent europium complexes of crown ethers and cryptands 1         |   |
| Cryptand complex  | Fe  |
| The luminescent properties of divalent europium complexes of crown ethers and cryptands 1         | Survey of ligand field parameters of strong field $d^5$ complexes obtained from the $g$ matrix 75                     |

**Fluorescence**

Molecular switches of fluorescence operating through metal centred redox couples 31

**Galactose oxidase**

Oxidations by copper metalloenzymes and some biomimetic approaches 125

***g* matrix**

Survey of ligand field parameters of strong field  $d^5$  complexes obtained from the *g* matrix 75

**Heavy metals**

Solution extraction of transition and post-transition heavy and precious metals by chelate and macrocyclic ligands 93

**Hydroformylations**

Application of transition metals in hydroformylation. Annual survey covering the year 1997 245

**Kinetics and mechanism**

Electron transfer reactions of nickel(III) and nickel(IV) complexes 47

**Ligand field**

Survey of ligand field parameters of strong field  $d^5$  complexes obtained from the *g* matrix 75

**Luminescence**

The luminescent properties of divalent europium complexes of crown ethers and cryptands 1

**Macrocyclic complexes**

Molecular switches of fluorescence operating through metal centred redox couples 31

**Metal complex**

Structural aspects of metal–amide complexes 203

**Models**

Oxidations by copper metalloenzymes and some biomimetic approaches 125

**Molecular switches**

Molecular switches of fluorescence operating through metal centred redox couples 31

**Nickel(III) and nickel(IV)**

Electron transfer reactions of nickel(III) and nickel(IV) complexes 47

**Os**

Survey of ligand field parameters of strong field  $d^5$  complexes obtained from the *g* matrix 75

**Oxidizing equivalent**

Oxidations by copper metalloenzymes and some biomimetic approaches 125

**Precious metals**

Solution extraction of transition and post-transition heavy and precious metals by chelate and macrocyclic ligands 93

**Reduction of carbon dioxide**

Application of transition metals in hydroformylation. Annual survey covering the year 1997 245

**Reduction of carbon monoxide**

Application of transition metals in hydroformylation. Annual survey covering the year 1997 245

**Ru**

Survey of ligand field parameters of strong field  $d^5$  complexes obtained from the *g* matrix 75

**Separation**

Solution extraction of transition and post-transition heavy and precious metals by chelate and macrocyclic ligands 93

**Strong field  $d^5$** 

Survey of ligand field parameters of strong field  $d^5$  complexes obtained from the *g* matrix 75

**Structure**

Structural aspects of metal–amide complexes 203

**Superoxide dismutase**

Oxidations by copper metalloenzymes and some biomimetic approaches 125

**Transition metals**

Application of transition metals in hydroformylation. Annual survey covering the year 1997 245

**Tyrosinase**

Oxidations by copper metalloenzymes and some biomimetic approaches 125

**Water–gas shift reaction**

Application of transition metals in hydroformylation. Annual survey covering the year 1997 245
